### Some Cowboy Wisdom

Behind every successful rancher is a wife who works in town.

Its a mistake to drive black cattle in the dark.  
Most men are like a barbed wire fence, they all have their good points.

Only a fool argues with skunks, mules or cooks.  
Tossing the rope before building a loop will not catch a calf.

Nobody but cattle know why they stampede and they ain't talking.

If the rodeo doesn't kill you, the commute probably will.
